

MODERN US MAP REGIONS WITH STATES AND CAPITOLS

Created by: Ms. Antonson-Milanovich

The 50 States and Their Capitals: On this sheet, they are listed by their state name first to help you locate them with greater ease. However, when writing the capital of any state, you should always write them in the following format: Capital Name, State Name (i.e. Phoenix, Arizona).

DIRECTIONS: Using the attached map(s), please create a reference map using FIVE different colors to represent the five different regions on the map labeling each state and capital fully as well. There are multiple copies in case you make a mistake or want to create more than one.
